

NORTHERN KENTUCKY RIGHT TO LIFE

The March for Life
January 22, 2020

On this 47th anniversary of the infamous decision of the Supreme Court exercising its raw judicial power over the lives of the defenseless unborn, we join with a multitude of others in many cities across this nation, to carry the message of Life to President Donald Trump and to the 146th Congress. We join the over 100,000 people who will march in a circle of life around the capitol in Washington, DC, on January 24. As much as we would like to be there, for many it is impossible to travel to Washington. Again, we March on Paper. We openly lend our names to urge the adoption of a mandatory Human Life Amendment to the Constitution of the United States of America. WE HAVE TAKEN A STAND! WE WILL NOT COMPROMISE! AND WE WILL BE HEARD!

The Weakest of the Weak

The following are excerpts from the address by Mother Teresa of Calcutta at the National Prayer Breakfast held in Washington, DC, on February 4, 1994.

I feel that the greatest destroyer of peace today is abortion, because it is a war against the child - a direct killing of the innocent child - murder by the mother herself. If we accept that a mother can kill even her own child, how can we tell other people not to kill one another?

How do we persuade a woman not to have an abortion? As always, we must persuade her with love, and we remind ourselves that love means to be willing to give until it hurts.

Jesus gave even His life to love us. So the mother who is thinking of abortion should be helped to love - that is, to give until it hurts her plans, or her free time, to respect the life of her child. The father of that child, whoever he is, must also give until it hurts.

By abortion, the mother does not learn to love, but kills even her own child to solve her problems. And by abortion, the father is told that he does not have to take any responsibility at all for the child he has brought into the world.

No abortion just leads to more abortion. Any country that accepts abortion is not teaching the people to love, but to use any violence to get what they want. That is why the greatest destroyer of love and peace is abortion.

I Want the Child

The child is God's gift to the family. Each child is created in the special image and likeness of God for greater things - to love and to be loved.

Please don't kill the child. I want the child. Please give me the child. I am willing to accept any child who would be aborted, and to give that child to a married couple who will love the child, and be loved by the child. From our children's home in Calcutta alone, we have saved over 3,000 children from abortion. These children have brought such love and joy to their adopting parents.

In destroying the power of giving life, through contraception, a husband or wife is doing something to self. This turns the attention to self, and so it destroys the gift of love in him or her. In loving, the husband and wife must turn the attention to each other, as happens in natural family planning, and not to self, as happens in contraception. Once that living love is destroyed by contraception, abortion follows very easily.

What America Stood For

We cannot solve all the problems in the world, but let us never bring in the worst problem of all, and that is to destroy love. This is what happens when we tell people to practice contraception and abortion.

If we remember that God loves us, and that we can love others as He loves us, then America can become a sign of peace for the world. From here, a sign of care for the weakest of the weak - the unborn child - must go out to the world. If you become a burning light of justice and peace in the world, then really you will be true to what the founders of this country stood for. God bless you!
