

President Donald Trump

"There could be no greater contrast to the beautiful image of a mother holding her infant child than the chilling displays our nation saw in recent days. Lawmakers in New York cheered with delight upon the passage of legislation that would allow a baby to be ripped from the mother's womb moments before birth," stated **President Trump** in his 2020 *State of the Union Address*. He continued: "These are living, feeling, beautiful babies who will never get the chance to share their love and dreams with the world. ...And then, we had the case of the governor of Virginia [Democrat Gov. Ralph Northam] where he stated he would execute a baby after birth."

NKRTL-PAC endorses for president of the United States, Donald Trump (R), America's most pro-life president.

The Democratic Presidential Candidates

- ▶ "As the presidential primary shifts to New England, it's sad to note that all of the major Democratic candidates are pro-abortion, supporting even partial-birth abortion," states **Bishop Thomas Tobin of Rhode Island**, questioning the Democratic party's allegiance to the abortion industry.
- ▶ "All of the top Democratic presidential candidates support abortions without restriction through all nine months of pregnancy and want to force taxpayers to pay for them. Some candidates even have refused to welcome pro-life Democrats into their so-called party of inclusion." *lifeneews.com*
- ▶ "Every single one of these [Democratic presidential] candidates - almost every single one of these candidates has put together a platform that is far more progressive than what the Obama administration was able to accomplish. ... They are uniformly, radically in favor of abortion on demand, *with taxpayer funding.*" **National Public Radio**
- ▶ "With the exception of Donald Trump, not one person vying for the presidency is willing to admit that walking away from a table, while a baby struggles for life, is wrong." **Family Research Council**
- ▶ "The most striking change, beyond individual policies, is how unapologetic [Democratic presidential] candidates' tone on abortion rights has become. ... Democrats have said it should be 'safe, legal, and rare.' ... Now, almost every candidate says the next president should actively reframe the debate. Their language focuses on health care, bodily autonomy, and, at times, **even the idea of abortion as a positive force** enabling women to control their lives and increase their economic security." Pro-Abortion *New York Times*

Sanders

"I think being pro-choice is an absolutely essential part of being a Democrat," insists **Sen. Bernie Sanders (D)**. As he stated in the June debate, "Medicare for All guarantees every woman in this country the right to have an abortion if she wants it."

"My promise to you is I will never nominate anyone to the Supreme Court or the federal bench who is not 100 percent pro-*Roe v. Wade*," Sanders said. He continued to promise: "And we will expand funding for Planned Parenthood."

As a member of the U.S. Senate, Sanders has never failed to vote to force the U.S. taxpayer to fund abortions and to fund Planned Parenthood.

Biden

"I said when I defeated Robert Bork [to the U.S. Supreme Court], I made sure we guaranteed a woman's right to choose for the better part of a generation. I would make sure that we move and insist that we pass, we codify *Roe v. Wade*," proclaims **Former Vice President and former U.S. Sen. Joe Biden**.

Biden also confirmed that he would force Americans to fund the abortion industry, not only in this country, but throughout the world. "I strongly oppose the limitations on the ability for the United States to contribute to organizations in these countries that, in fact, provide women's health alternatives for choice. ... We should end that limitation. It's called the Mexico City Rule. We should end that," stated Biden.

Biden also promised that if the Supreme Court would overturn *Roe v. Wade*, he would prefer a national law legalizing the killing of unborn children. "If they ruled it [*Roe v. Wade*] to be unconstitutional, I will send to the United States Congress, and it will pass I believe, a bill that legislates *Roe v. Wade*."

NORTHERN KENTUCKY RIGHT TO LIFE 2020 PRIMARY ELECTION CANDIDATE QUESTIONNAIRE

6-week-old unborn child
VOTE FOR ME

Pursuant to our long-standing policy of bringing to the public the views (and records) of candidates for public office, on these crucial "Life" issues, NKRTL sent questionnaires to candidates seeking office in the primary election of June 23, 2020. After furnishing them detailed information concerning the issues, NKRTL advised them that their response (or the fact of their non-response, which could only be interpreted as unfavorable in that they either oppose its positions or are disinterested in these vital issues) would be published.

1. Will you actively support (and if in a position to do so, sponsor and vote for) a mandatory Human Life Amendment to the U.S. Constitution and to the Kentucky Constitution, which would codify the personhood of an unborn child from the moment of fertilization, and which would hold that all innocent human beings have the same right to life, from fertilization until natural death?
2. Will you actively support (and if in a position to do so, sponsor and vote for) legislation which will make it a criminal offense to perform, to assist with, or to pay for an abortion on another (such legislation would not prohibit those necessary medical procedures required to prevent the death of the mother who is suffering from a physical pathology such as ectopic pregnancy or cancerous uterus)?
3. Will you actively support (and if in a position to do so, sponsor and vote for) legislation preventing: (a) the use of tissue and organs from deliberately aborted children; (b) the use or destruction of live embryos for the purpose of extracting stem cells, for transplants or medical experimentations; (c) human cloning, whether for the purpose of development and bringing to full term a new human being, or for the purpose of development of a new human being for experimentation, or for the purpose of obtaining body parts or stem cells; and (d) the public funding of any of these activities?
4. Will you actively oppose (and if in a position to do so, work against and vote against) state or federal legislation or regulation mandating health insurance coverage of abortion (both surgical and chemical) and artificial contraception, and will you actively support (and if in a position to do so, work for and vote for) the repeal of the Affordable Care Act (Obamacare), which provides for the expenditure of funds for the payment of abortion, and for the repeal of the Federal HHS Mandate, a federal regulation enacted under Obamacare, which requires employers, regardless of their religious convictions, to provide healthcare insurance, without additional premium and without a co-payment, for payment of contraceptives, sterilizations, and abortion-producing drugs?
5. Will you actively oppose (and if in a position to do so, work against and vote against) any legislation which would allow the withdrawal from an infant, incompetent, or comatose person of food and water, regardless of how the food or water is provided (except in the case where death is imminent and the patient cannot assimilate food or water)?
6. Will you actively oppose (and if in a position to do so, vote against) any legislation, administrative regulations, or initiatives of any type, which would decriminalize assisting or abetting someone in killing themselves (often referred to as "assisted suicide")?
7. Will you actively support (and if in a position to do so, sponsor and vote for) legislation requiring that the same medical treatment and the same standard of medical care be provided to handicapped persons, and that the decisions of whether to treat a handicapped person must be made on strictly medical grounds and not on speculations about the person's future "quality of life"?
8. Will you actively support (and if in a position to do so, sponsor and vote for) legislation which prohibits all use of local state, federal, and/or Medicare or Medicaid funds for abortion (including chemical abortions, such as RU-486, or the so-called "morning after pill," Norplant, Depo Provera, or the so-called "standard birth control pill")?
9. If there should come before you the question of appointment or confirmation of an individual to any board, agency, or committee, etc., which does or could perform, counsel, refer, or fund abortion (including chemical abortions, such as RU-486, and the so-called "morning after pill," Norplant, Depo Provera, and the so-called "standard birth control pill"), will you nominate or confirm only individuals (1) who refuse to perform, counsel, refer, or fund any surgical or chemical abortion and (2) who refuse to support, vote for, or fund any government or private agency that would perform, counsel, refer, or fund any surgical or chemical abortion?
10. If you become involved in the legislative process, would you take the initiative to compel a recorded vote on all Pro-Life legislation, whether by discharge petition or whatever other parliamentary practice is available?
11. Will you refuse to support in any manner a candidate for any public office, who publicly states acceptance of the current status of legalized abortion, or who fails to disclose his position on the issue of abortion, or who has, as a public official, a record of support for abortion or of failing to oppose it, or who supports any of the above anti-life activities, unless his opponents have done these same things as he has?

The results appear below (the Pro-Life response is "yes" to all questions):

VOTE FOR ME

U.S. HOUSE OF REPRESENTATIVES

U.S. REPRESENTATIVE - 4TH DISTRICT

NKRTL-PAC endorses **Thomas Massie (R)** for reelection to the U.S. House of Representatives. Not only are his answers 100% pro-life to our questionnaire, but he has stood up for those who stand up for life and has supported the passage of much of our pro-life legislation in Washington, D.C., included, but not limited to: *Life at Conception Bill*; *Heartbeat Bill*; *Pain-Capable Bill* (20 week bill); and *Conscience Protection Act*.

Rep. Massie was the first public figure to defend the students and chaperones from Covington Catholic in spite of the massive onslaught by the pro-abortion news media:

"The honorable and tolerant students of Covington Catholic [High] School came to D.C. to advocate for the unborn and to learn about our nation's Capitol. ...In the face of racist and taunted by homophobic bigots, which was obviously bewildering to them, they insulted no one. ...In the context of everything that was going on (which the media hasn't shown), the parents and mentors of these boys should be proud, not ashamed, of their kids' behavior. **It is my honor to represent them.**"

Northern Kentucky Right to Life cannot thank Rep. Massie enough for his support for NKRTL, and for being our guest speaker at our 2019 Celebration for Life, at our 2018 Celebration for Life, introducing our guest speaker, **Gov. Matt Bevin (R)**, who was our most pro-life governor.

"I feel so blessed to represent a region that has an organization like Northern Kentucky Right to Life. This is the strongest pro-life group, not just in Kentucky, but one of the strongest in the country, oftentimes outshining the national organization, in fact," were the opening statements of Rep. Massie at the 2019 Celebration for Life.

We are pleased that his opponent's, **Todd McMurtry (R)**, responses to our candidate questionnaire were 100% pro-life. However, unlike Rep. Massie, Mr. McMurtry has no prior record of being involved in the pro-life movement, or supporting the pro-life work of Northern Kentucky Right to Life, or making his pro-life position public. Sadly, McMurtry contributed to the election of our former **Gov. Steven Beshear (D)**, a strong pro-abortion advocate.

Pro-Life Bills Sponsored by Rep. Thomas Massie in the U.S. House of Representatives:

- ▶ No Taxpayer Funding for Abortion and Abortion Insurance Full Disclosure Act of 2019
- ▶ Defund Planned Parenthood Act of 2019
- ▶ Heartbeat Protection Act
- ▶ Life at Conception Act
- ▶ Pain-Capable Unborn Child Protection Act
- ▶ Life at Conception Act
- ▶ Defund Planned Parenthood Act
- ▶ Conscience Protection Act

U.S. SENATE

Four of the eight Republican candidates for U.S. Senate responded 100% pro-life to the candidate questionnaire. Although NKRTL-PAC declined to make any endorsement of any one of these four candidates, the reader is encouraged to consider their commitment to the pro-life movement.

KY STATE SENATE

STATE SENATOR - DIST. 11

NKRTL-PAC endorses the reelection of **Sen. John Schickel (R)**, based not only upon his 100% pro-life answers to the questionnaire, but also upon his longtime support of Northern Kentucky Right to Life, and his 100% pro-life voting record.

STATE SENATOR - DIST. 17

NKRTL-PAC endorses the reelection of **Sen. Damon Thayer (R)**, based not only upon his 100% pro-life answers to the questionnaire, but also upon his 100% pro-life voting record.

STATE SENATOR - DIST. 23

NKRTL-PAC endorses the reelection of **Sen. Chris McDaniel (R)**, based not only upon his 100% pro-life answers to the questionnaire, but also upon his 100% pro-life voting record.

Not only is Rep. Fischer a member of NKRTL and a faithful attendee of the annual Celebration for Life, but he has for many years been a consistent and outstanding pro-life activist both in Frankfort and in Northern Kentucky.

STATE REPRESENTATIVE - DIST. 78

"The government shouldn't intervene if you want to kill your preborn child."
