

NORTHERN KENTUCKY RIGHT TO LIFE 2020 GENERAL ELECTION CANDIDATE QUESTIONNAIRE

6-week-old unborn child
VOTE FOR ME

Pursuant to our long-standing policy of bringing to the public the views (and records) of candidates for public office, on these crucial "Life" issues, NKRTL sent questionnaires to candidates seeking office in the general election of November 3, 2020. After furnishing them detailed information concerning the issues, NKRTL advised them that their response (or the fact of their non-response, which could only be interpreted as unfavorable in that they either oppose its positions or are disinterested in these vital issues) would be published.

1. Will you actively support (and if in a position to do so, sponsor and vote for) a mandatory Human Life Amendment to the U.S. Constitution and to the Kentucky Constitution, which would codify the personhood of an unborn child from the moment of fertilization, and which would hold that all innocent human beings have the same right to life, from fertilization until natural death?
2. Will you actively support (and if in a position to do so, sponsor and vote for) legislation which will make it a criminal offense to perform, to assist with, or to pay for an abortion on another (such legislation would not prohibit those necessary medical procedures required to prevent the death of the mother who is suffering from a physical pathology such as ectopic pregnancy or cancerous uterus)?
3. Will you actively support (and if in a position to do so, sponsor and vote for) legislation preventing: (a) the use of tissue and organs from deliberately aborted children; (b) the use or destruction of live embryos for the purpose of extracting stem cells, for transplants or medical experimentations; (c) human cloning, whether for the purpose of development and bringing to full term a new human being, or for the purpose of development of a new human being for experimentation, or for the purpose of obtaining body parts or stem cells; and (d) the public funding of any of these activities?
4. Will you actively oppose (and if in a position to do so, work against and vote against) state or federal legislation or regulation mandating health insurance coverage of abortion (both surgical and chemical) and artificial contraception, and will you actively support (and if in a position to do so, work for and vote for) the repeal of the Affordable Care Act (Obamacare), which provides for the expenditure of funds for the payment of abortion, and for the repeal of the Federal HHS Mandate, a federal regulation enacted under Obamacare, which requires employers, regardless of their religious convictions, to provide healthcare insurance, without additional premium and without a co-payment, for payment of contraceptives, sterilizations, and abortion-producing drugs?
5. Will you actively oppose (and if in a position to do so, work against and vote against) any legislation which would allow the withdrawal from an infant, incompetent, or comatose person of food and water, regardless of how the food or water is provided (except in the case where death is imminent and the patient cannot assimilate food or water)?
6. Will you actively oppose (and if in a position to do so, vote against) any legislation, administrative regulations, or initiatives of any type, which would decriminalize assisting or abetting someone in killing themselves (often referred to as "assisted suicide")?
7. Will you actively support (and if in a position to do so, sponsor and vote for) legislation requiring that the same medical treatment and the same standard of medical care be provided to handicapped persons, and that the decisions of whether to treat a handicapped person must be made on strictly medical grounds and not on speculations about the person's future "quality of life"?
8. Will you actively support (and if in a position to do so, sponsor and vote for) legislation which prohibits all use of local state, federal, and/or Medicare or Medicaid funds for abortion (including chemical abortions, such as RU-486, or the so-called "morning after pill," Norplant, Depo Provera, or the so-called "standard birth control pill")?
9. If there should come before you the question of appointment or confirmation of an individual to any board, agency, or committee, etc., which does or could perform, counsel, refer, or fund abortion (including chemical abortions, such as RU-486, and the so-called "morning after pill," Norplant, Depo Provera, and the so-called "standard birth control pill"), will you nominate or confirm only individuals (1) who refuse to perform, counsel, refer, or fund any surgical or chemical abortion and (2) who refuse to support, vote for, or fund any government or private agency that would perform, counsel, refer, or fund any surgical or chemical abortion?
10. If you become involved in the legislative process, would you take the initiative to compel a recorded vote on all Pro-Life legislation, whether by discharge petition or whatever other parliamentary practice is available?
11. Will you refuse to support in any manner a candidate for any public office, who publicly states acceptance of the current status of legalized abortion, or who fails to disclose his position on the issue of abortion, or who has, as a public official, a record of support for abortion or of failing to oppose it, or who supports any of the above anti-life activities, unless his opponents have done these same things as he has?

The results appear below (the Pro-Life response is "yes" to all questions):

Above all, the common outcry, which is justly made on behalf of human rights - for example, the right to health, to home, to work, to family, to culture - is false and illusory if *the right to life*, the most basic and fundamental right and the condition for all other personal rights, is not defended with maximum determination," wrote **St. John Paul II** in *Christifideles Laici*.

PARTY PLATFORMS

Republican Party - Pro-Life

The Constitution's guarantee that no one can "be deprived of life, liberty, or property" deliberately echoes the Declaration of Independence's proclamation that "all" are "endowed by their Creator" with the inalienable right to life. Accordingly, we assert the sanctity of human life and affirm that the unborn child has a fundamental right to life which cannot be infringed. We support a human life amendment to the Constitution and legislation to make clear that the Fourteen Amendment's protection apply to children before birth.

We oppose the use of public funds to perform or promote abortion or to fund organizations, like Planned Parenthood, so long as they provide or refer for elective abortions or sell fetal body parts rather than provide healthcare. We urge all states and Congress to make it a crime to acquire, transfer, or sell fetal tissues from elective abortions for research, and we call on Congress to enact a ban on any sale of fetal body parts. In the meantime, we call on Congress to ban the practice of misleading women on so-called fetal harvesting consent forms, a face revealed by a 2015 investigation. We will not fund or subsidize healthcare that includes abortion coverage.

We support the appointment of judges who respect traditional family values and the sanctity of innocent human life. WE oppose the non-consensual withholding or withdrawal of care or treatment, including food and water, from individuals with disabilities, newborns, the elderly, or the infirm, just as we oppose euthanasia and assisted suicide.

We affirm our moral obligation to assist, rather than penalize, women who face an unplanned pregnancy.

Democratic Party - Pro-Abortion

We believe unequivocally...that every woman should have access to quality reproductive healthcare services, including safe and legal abortion. ...We will continue to stand up to Republican efforts to defund Planned Parenthood health centers...We will continue to oppose - and seek to overturn - federal and state laws and policies that impede a woman's access to abortion, including by repealing the Hyde Amendment.

Libertarian Party - Pro-Abortion

Recognizing that abortion is a sensitive issue and that people can hold good-faith views on all sides, we believe that government should be kept out of the matter, leaving the question to each person for their conscientious consideration.

Platform of the National Libertarian Party

Recognizing that abortion is a sensitive issue and that people, including Libertarians, can hold good-faith views on all sides, individual candidates and party member should be asked their view on the issue. **Platform of the Libertarian Party of Kentucky**

NKRTL-PAC ENDORSEMENTS AND/OR RECOMMENDATIONS

President Donald Trump

"There could be no greater contrast to the beautiful image of a mother holding her infant child than the chilling displays our nation saw in recent days. Lawmakers in New York cheered with delight upon the passage of legislation that would allow a baby to be ripped from the mother's womb moments before birth," stated **President Trump** in his 2020 *State of the Union Address*. He continued: "These are living, feeling, beautiful babies who will never get the chance to share their love and dreams with the world. ...And then, we had the case of the governor of Virginia [Democrat **Gov. Ralph Northam**] where he stated he would execute a baby after birth."

NKRTL-PAC endorses for president of the United States, **Donald Trump (R)**, America's most pro-life president, and endorses for vice-president of the United States, **Mike Pence (R)**.

Pro-Life Accomplishments of the Administration of President Trump and Vice President Mike Pence

1. **President Trump is the most pro-life president in history.**
President Trump became the first president in history to speak at the annual March for Life. Vice President Pence has a long history of being a voice for the voiceless in standing up for the most innocent among us.
2. **Donald Trump and Mike Pence campaigned on the promise to defend life from its earliest stage and to defund Planned Parenthood. President Trump and Vice President Pence have kept that promise.**
3. **April 2017: In the first year of the Trump-Pence administration, President Trump signed a bill that allowed**

states to defund Planned Parenthood of Title X (family planning) funding, reversing an Obama attempt to force states to fund abortion providers.

4. **January 2018:** Reversed an Obama administration policy that blocked states from deciding if Planned Parenthood should be stripped of Medicaid funding.
5. **February 2019:** The Protect Life Rule was finalized, cutting Planned Parenthood's federal funding by \$60 million.
6. **As a result of the President's policies,** Planned Parenthood announced it is withdrawing from the Title X program.
7. **President Trump and Vice President Pence have spent nearly three years actively working to get life-protecting legislation passed.**
8. **The Trump-Pence administration reinstated the Mexico City Policy that ends Federal funding of overseas abortions.**
The Protecting Life in Global Health Assistance program was created to ensure that hard earned tax dollars are not funding foreign abortions across all global health spending - not just family planning dollars. This protects over \$8.8 BILLION in overseas aid from being used for abortions.
9. **President Trump has appointed Federal judges that uphold the pro-life view that all life is sacred from the moment of conception.**
This includes two pro-life Supreme Court Justices.
10. **President Trump has written Congress on numerous occasions, encouraging and urging them to vote to protect innocent human life.**
No-Taxpayer Funding for Abortion and Abortion Insurance Full Disclosure Act of 2019.
Pain-Capable Unborn Child Protection Act.
Born-Alive Abortion Survivors Protection Act
11. **The Trump-Pence administration has issued new guidance ensuring hospitals provide medical care to infants who survive abortions.**
12. **The current administration has proposed numerous resolutions to fight the Obama era pro-abortion policies.**
Require Obamacare insurers to issue separate invoices for abortion coverage.
Require Obamacare insurers to provide clients an identical plan in the same geographic area that does not provide coverage of abortion.
Reverse the Obama policy that made recipients of certain federal funding provide abortions.
13. **President Trump has taken the pro-life movement to the world stage: the administration opposes the efforts of the United Nations to make abortion an international human right.**
14. **The Trump-Pence administration has taken steps to protect pro-life organizations from having to provide abortion referrals or cover abortion in their health insurance plans.**
15. **The Trump administration's Department of Health and Human Services (HHS) has dramatically shifted in placing value on the unborn.**
Funding for fetal tissue research - which uses aborted human body parts - has been cut.
HHS' newly created Conscience and Religious Freedom Division fights for doctors, nurses, and other healthcare professionals who do not wish to have any part in abortions.
The Trump-Pence administration is protecting all Americans' First Amendment rights.
16. **President Trump's most pro-life quotes:**
"I will veto any legislation that weakens current pro-life Federal policies and laws, or that encourages the destruction of innocent human life at any stage."
"My administration has repeatedly demonstrated its respect for human life and conscience at all stages... Today, we recommit ourselves to protecting innocent life every day and at every stage."

The above accomplishments of President Trump are summarized and published by **Priests for Life** (email: mail@priestsforlife.org).

**Former Vice President Joe Biden
and Senator Kamala Harris**

Former Vice President and Senator Joe Biden

"Joe Biden continued his evolution on the issue under Obama. He got there," stated **Kate Michelman**, a former leader of **NARAL**. "I can't say for absolute, 100 percent, but I would trust him as president to protect and defend a woman's right to choose."

From 2001 to 2008, Biden's voting record on pro-life issues was close to zero.

"Biden made his selection [of his vice president running mate] to increase his support among women and people of color, but for people who love America, who love civilization, there can be no support for any candidate in a party that calls for taxpayer-funded abortion throughout pregnancy," states **Fr. Frank Pavone, National Director of Priests for Life**.

"Even with Sen. Harris on the ticket, Americans will have the same choices," Fr. Pavone continued. "Democrat extremism doesn't end with abortion. In this election, voters will choose between a free market or socialism; prosperity or a ruined economy; a secure nation or open borders; the Constitution or judicial tyranny."

"I said when I defeated Robert Bork [to the U.S. Supreme Court], I made sure we guaranteed a woman's right to choose for the better part of a generation. I would make sure that we move and insist that we pass, we codify *Roe v. Wade*," proclaims **Former Vice President and former U.S. Sen. Joe Biden**.

Biden also confirmed that he would force Americans to fund the abortion industry, not only in this country, but throughout the world. "I strongly oppose the limitations on the ability for the United States to contribute to organizations in these countries that, in fact, provide women's health alternatives for choice. ...We should end that limitation. It's called the Mexico City Rule. We should end that," stated Biden.

Biden also promised that if the Supreme Court would overturn *Roe v. Wade*, he would prefer a national law legalizing the killing of unborn children. "If they ruled it [*Roe v. Wade*] to be unconstitutional, I will send to the United States Congress, and it will pass I believe, a bill that legislates *Roe v. Wade*."

Senator Kamala Harris

Sen. Kamala Harris (D) of California received a 100% rating from **NARAL Pro-Choice America**.

"Kamala Harris is a staunch advocate for women's health and rights. She ran proudly on an agenda to expand access to reproductive healthcare...," stated **former President of Planned Parenthood, Cecile Richards**.

After Biden announced his vice president running mate, **Planned Parenthood Action Fund** tweeted: "Throughout her entire career, @KamalaHarris has been a steadfast champion for reproductive rights..."

"Sen. Harris also co-sponsored the so-called 'Women's Health Protection Act,' known to pro-lifers as the 'Abortion Without Limits Until Birth Act.' As a candidate for president, Harris announced a broad platform that would require states that have a history of passing pro-life laws to seek preclearance from the Justice Department before they could enact any new pro-life laws that would impact abortion on demand. Under her plan, any new pro-life laws would be considered unenforceable without preclearance from the Justice Department," reports *lifeneews.com*.

"With the announcement of Kamala Harris as Joe Biden's running mate, we now have the most pro-abortion ticket in American history," stated **Judie Brown, president of American Life League**. She continued: "Harris is well known for being the first attorney general in California history to bring charges against an undercover journalist for documenting criminal activity. She demonstrated her complete surrender to Planned Parenthood - a self-admitted racist and white supremacist organization - by being at its beck and call."

VOTE FOR ME

► "As the presidential primary shifts to New England, it's sad to note that all of the major Democratic candidates are pro-abortion, supporting even partial-birth abortion," states **Bishop Thomas Tobin of Rhode Island**, questioning the Democratic party's allegiance to the abortion industry.

► "Every single one of these [Democratic presidential] candidates - almost every single one of these candidates has put together a platform that is far more progressive than what the Obama administration was able to accomplish. ...They are uniformly, radically in favor of abortion on demand, *with* taxpayer funding." **National Public Radio**

► "With the exception of Donald Trump, not one person vying for the presidency is willing to admit that walking away from a table, while a baby struggles for life, is wrong," **Family Research Council** states in regards to whether a child born alive from a botched abortion has a right to medical care to save its life, or should the child simply be allowed to die of neglect.

U.S. SENATE

Senator Mitch McConnell (R) has declined to answer our questionnaire, thereby denying the electorate a clear statement of his position on life issues. Sen. McConnell must be recognized for his consistent support for pro-life judicial nominees of **President Trump**, and the skill he has shown in having these nominees confirmed by the Senate. The importance of confirming pro-life nominees to the federal court cannot be emphasized enough. McConnell has a long pro-life voting record, but under his leadership, as Majority Leader, the U.S. Senate continues to fund Planned Parenthood and other abortion providers. Since NKRTL-PAC's policy prohibits it from making any endorsements of any candidate who does not answer the questionnaire or does not give totally pro-life answers, NKRTL-PAC cannot endorse him, but only recommend his reelection.

His opponent, **Amy McGrath (D)**, failed to answer this year's questionnaire, and she also failed to answer our questionnaire two years ago when she was running for the U.S. House of Representatives. "I believe we already have reasonable laws, and I'm very concerned about what's happening in other states like Alabama and Georgia where they're trying to criminalize abortion even in cases of rape and incest and the life of the mother. This is not a government decision. It's a family decision and a very personal decision," she stated in a *Courier Journal*, July 2019 interview/article. "I'm 100% pro-choice. I align with everything Emily's List aligns with." - Amy McGrath, *Bloomberg*, October 31, 2017. (**Emily's List** is a pro-abortion political organization that only endorses candidates who are 100% pro-abortion, and opposed to any type of restrictions on aborting unborn children.)

McGrath put her abortion extremism on full display in a 2018 interview on 590 WVLK, reports *lifenews.com*. "You don't think there should be any limitations at all on abortion?" asked host **Larry Glover**. "I don't think government should be involved in making a decision on a woman's body," McGrath said. "So you think a woman on the way to the hospital to give birth could decide to abort it instead?" Glover said. "I don't think the government should be involved in a woman's right to choose what is happening to her body," McGrath said.

The Libertarian Party candidate, **Brad Barron**, did respond to the questionnaire with all pro-life responses. Since the Libertarian pro-abortion platform supports abortion on demand and opposes any limits or limitations on the killing of unborn children, it is hard to understand how a committed pro-life candidate would decide to run as a Libertarian, which would encourage support for another pro-abortion party.

Based on these considerations, NKRTL-PAC **recommends** both the election of **Senator Mitch McConnell (R)** and **Brad Barron (L)**.

U.S. HOUSE OF REPRESENTATIVES

U.S. REPRESENTATIVE - 4TH DISTRICT

NKRTL-PAC endorses **Thomas Massie (R)** for reelection to the U.S. House of Representatives. Not only are his answers 100% pro-life to our questionnaire, but he has stood up for those who stand up for life and has supported the passage of much of our pro-life legislation in Washington, D.C., included, but not limited to: *Life at Conception Bill*; *Heartbeat Bill*; *Pain-Capable Bill* (20 week bill); and *Conscience Protection Act*.

Rep. Massie was the first public figure to defend the students and chaperones from Covington Catholic in spite of the massive onslaught by the pro-abortion news media:

"The honorable and tolerant students of Covington Catholic [High] School came to D.C. to advocate for the unborn and to learn about our nation's Capitol. ...In the face of racist and homosexual slurs, the young boys refused to reciprocate or disrespect anyone. Even when taunted by homophobic bigots, which was obviously bewildering to them, they insulted no one.

...In the context of everything that was going on (which the media hasn't shown), the parents and mentors of these boys should be proud, not ashamed, of their kids' behavior. **It is my honor to represent them.**"

Northern Kentucky Right to Life cannot thank Rep. Massie enough for his support for NKRTL, and for being our guest speaker at our 2019 Celebration for Life, and at our 2018 Celebration for Life, introducing our guest speaker, **Gov. Matt Bevin (R)**, our most pro-life governor.

"I feel so blessed to represent a region that has an organization like Northern Kentucky Right to Life. This is the strongest pro-life group, not just in Kentucky, but one of the strongest in the country, oftentimes outshining the national organization, in fact," were the opening statements of Rep. Massie at the 2019 Celebration for Life.

His Democratic opponent failed to answer NKRTL's Candidate Questionnaire.
