NORTHERN KENTUCKY RIGHT TO LIFE

The March for Life

January 22, 2022

On this 49th anniversary of the infamous decision of the Supreme Court exercising its raw judicial power over the lives of the defenseless unborn, we join with a multitude of others in many cities across this nation to give witness to the sanctity of all innocent human life and to the intrinsic evil act of abortion.

Again, we march on paper. We openly lend our names to urge the adoption of a mandatory Human Life Amendment to the Constitution of the United States of America.

WE HAVE TAKEN A STAND!
WE WILL NOT COMPROMISE!
AND WE WILL BE HEARD!

DEVELOPMENT OF A PREBORN CHILD

Fertilization: The father's sperm penetrates the mother's egg.

5-9 Days: Implantation in the uterus.

14 Days: Chemical signals emitted by her own child suppresses the mother's menstrual period. The baby's first completed brain cells appear.

20 Days: The baby's heart is in the advanced states of formation. His eyes begin to form, and his brain, spinal column, and nervous system are virtually complete.

24 Days: THE BABY'S HEART BEGINS TO BEAT.

28 Days: The baby's muscles are developing, and his arm and leg buds are visible. Blood flows in the baby's veins, separate from the mother's blood.

The Baby at 8 Weeks
Heart Beats • Brain Waves • Will Grasp Objects

With permission, "Abortion: Questions & Answers"
Wilke-Hayes Publishing Co., Cincinnati, OH

42 Days: The baby's cartilage skeleton is completely formed.

43 Days: THE BABY'S BRAIN WAVES CAN BE RECORDED.

7 Weeks: The baby's lips are sensitive to touch, and his ears resemble his family's pattern.

8 Weeks: Baby is well-proportioned, about 1-1/2 inches long and 1/25 of an ounce in weight. All organs are present, complete, and functioning (except the lungs). Heart beats sturdily. Stomach produces digestive juices. Liver makes blood cells. Kidneys are functioning. The stomach secretes gastric juices. Taste buds are forming. Fingerprints have been engraved. Eyelids and the palms of the hands are sensitive to touch.

10 Weeks: All sections of the baby's body are sensitive to touch. He swallows, squints, frowns, and puckers up his brow. If his palm is stroked, he will make a tight fist.

A FORMER ABORTIONIST SPEAKS OUT

"The risk of such deadly complications is why many states are enacting legislation requiring abortion providers to have admitting privileges at a local hospital," relates Haywood Robinson, M.D., the Director of Medical Affairs and Education at 40 Days for Life. "Such laws ensure that an abortion provider cannot simply abandon a patient, send her to the emergency room, and have another doctor manage complications sustained during the procedure.

"Even countries in post-Christian Europe don't allow gruesome third-trimester abortions. Only five countries worldwide allow elective abortions after 24 weeks of gestation: the United States, Canada, Vietnam, China, and North Korea.

"Abortion is not medicine. Pregnancy is not a disease," teaches this former abortionist.

ABORTION IS NOT HEALTHCARE

Physicians who lead medical associations in the United States published the following article:

"Abortion is not an essential part of women's healthcare. The vast majority of abortions are done by abortion providers who do not provide any other kind of medical care for the woman. Abortion treats no disease. Pregnancy is not a disease, and deliberately killing the unborn child by abortion is not healthcare. ...There is no medical reason to intentionally kill that fetal human through an inhumane abortion procedure.

"Any infant who is born alive, at any stage of development, is a person entitled to the protection of the law and appropriate care as a new patient. There is no scientific or legal reason to distinguish between human beings born after an attempted abortion and human beings born after an attempted live birth."

The pro-life physicians signing the article were: Dr. Donna J. Harrison, executive director of the American Association of Pro-Life Obstetricians and Gynecologists; Dr. Michelle Cretella, executive director of the American College of Pediatricians; Dr. John Schirger, president of the Catholic Medical Association; Dr. David Stevens, CEO of Christian Medical & Dental Associations; and Dr. Jane Orient, executive director of the Association of American Physicians and Surgeons. They represent more than 30,000 physicians in the United States who "practice according to the Hippocratic Oath."

"Abortion represents the biggest, most significant INJUSTICE of our time in history - genocide of entire masses of babies.
"This is not just a political issue, it is a moral and biblical issue. We need leadership in our nation that sees the wisdom in defending life."
~Evangelical Christian leader Franklin Graham, CEO of the Billy Graham Evangelistic Association and Samaritan's Purse.
